

Provider Search: INGENIX Directory Services

WE ARE THE TOTAL OUTSOURCING MARKET LEADER

With over 120 clients and 400 provider search sites in production, Ingenix Directory Services is the industry-leading outsourcer for comprehensive provider search solutions.

WE'RE THE QUICKEST AND MOST COST-EFFECTIVE

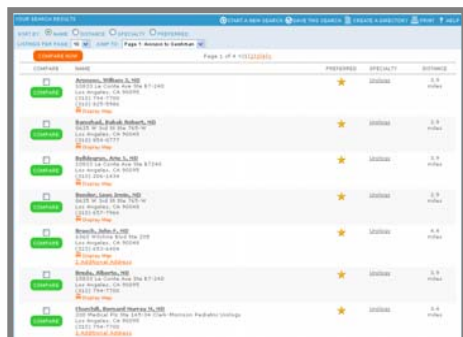

Provider searching is all we do – with a dedicated staff of product, engineering, and services teams, we concentrate on rapidly delivering a customized solution to exactly meet your needs, while ensuring adherence to NCQA guidelines.

WE CONTINUALLY CREATE MARKET-DISRUPTING INNOVATION

We were the first to introduce provider searching online, incorporate address geo-coding, add directions and mapping. We recently incorporated mass transit directions and multiple address consolidation, and released the industry's only provider searching available via a web-enabled PDA.

WE OFFER THE MOST COMPREHENSIVE, INTEGRATED SOLUTION SET

Ingenix Directory Services includes Provider Lookup Online, Directories Online, Best Match Search, Provider Lookup Mobile, Mass Transit, and Directory Expert.
