Sign Up for Network Solutions Courses by the Bundle. And Save a Bundle.

New, for 2009, Ingenix Learning is offering special web-course bundle discounts on Network Solutions training.

Individuals get 15 percent off by signing up for course bundles instead of single courses.

Organizations save 20 percent when signing up four or more people for course bundles.

Learning Has Never Been Easier

As part of our comprehensive Network Solutions curriculum, Ingenix Learning is introducing web-based, budget-friendly, bundled courses covering key Ingenix software products, GeoNetworks® and GeoAccess® DisruptionAnalysis®. The courses are all web-based and combine self-paced and instructor-led/virtual classroom training. All are designed to enhance your product knowledge and expertise—so you can get the greatest value out of these essential Ingenix products.
